

Breast Friends

Mask Wearing Policy for Outdoor Events - June 14, 2021

Due to recent clarification of OSHA regulations, Breast Friends has updated our mask wearing policy:

For all Breast Friends outdoor activities, please wear your mask. If you are fully vaccinated and would like to be unmasked, please send a photo of your vaccination card to Aimee via email: aimee.berg@breastfriends.org at least 24 hours prior to the activity. We will likely be updating our policy as time goes on, please make sure to check prior to attending any activity.

Our commitment, as always, is to protect the Breast Friends community, please remember that if you have any sort of fever, sore throat or other possible COVID-19 symptoms, do not attend the activity. Please note that regardless of vaccination status, we will follow the mask wearing rules of any location we are visiting. Thank you for your understanding!

**Please reach out to Executive Director,
Allison Hancock with any questions
allisonhancock@breastfriends.org**
